Muhafazat al Qahirah,
Egypt
ymahgoub@gu.edu.eg

An accomplished architect, academic and scholar, Dr. Yasser Mahgoub earned his Doctorate in Architecture from the University of Michigan, USA in 1990. Throughout his career, he has held various academic and administrative positions at esteemed institutions such as Galala, Ain Shams, United Arab Emirates, Kuwait, Qatar, and Dar Al Hekma Universities. His instructional repertoire spans design studios, research methods, environmental and behavioral studies, creativity and innovation, professional practice, graduation/senior projects, and graduate courses. His research endeavors focus on the social and cultural dimensions of architecture, sustainable architectural practices, architectural education, and the influence of globalization on the field. His contributions to academia are evident through the publication of numerous refereed research papers in internationally acclaimed journals and book chapters.

Moreover, he has actively participated in and presented papers at various international and regional conferences. Beyond his academic pursuits, he has also demonstrated his expertise as a professional architect and consultant in the field.

Research expertise:

- Sustainable Architecture: Social and Cultural Aspects
- Globalization and Urbanization: Architectural Identity
- Quality of Urban Life: Post Occupancy Evaluation
