Dear Editor,

I want to submit my paper to your ISVS e-journal. My paper is about "Housing Practices in Anatolia from the Past to the Present; Traditional Konya Houses". I wonder if it is possible to submit this article for your next issue. I will appreciate if you can inform me about this subject.

Kind regards.

Dear Yavuz,

Thank you for your interest in the ISVS e-journal which is reviewed thoroughly. The journal is open access. We do not reject papers unless the paper is beyond any development. We help the authors to bring the papers up to the standards expected. Your paper falls well within the scope of the journal.

It therefore will go to review and if accepted for publication, the paper can be published in February 2024

Please let me know if you have any questions.
Looking forward to hearing from you,

Dear Yavuz,

Please find attached a review of your paper. It needs major revisions. Please accept the track changes and respond to each comment of the two reviewers carefully. Please do the revisions in this version itself; it is edited.

Revise and save as 'ISVSej_11.01.25_Yavuz revised' without any track change marks or comments. Send me the word copy in 7 days or so.

Please see the instructions to revise: download from the website. Please also download the guidelines for writing the review of literature from the website and follow it. Drop the file size, to be below 1MB for an e-journal.

Please confirm that you will revise the paper on time so that a slot can be allocated in the ISVS e-journal Vol. 11.01 to be published in January 2024 or February 2024 or thereabouts.

Please note to check the authors' names and addresses accurately when you revise. Since DOI numbers are assigned now, no changes can be accommodated after the publication of the paper. We have to send the DOI numbers to Crossref immediately when published and that version gets registered. It cannot be modified afterwards.

Dear Ranjith

I was informed that my publication "Housing Practices in Anatolia from the Past to the Present; Traditional Konya Houses" was published, but I cannot see it in the system now, and is the journal still scanned in the Scopus index, when I sent it, it was indexed as q1. I would appreciate your concern.

Thank you. Regards.

Best wishes.
