

# ISVS Publication Support Services

---

**Editing and Formatting:** This service offers to improve the language, structure, and flow in your manuscript and get unlimited re-editing support for any journal. Simultaneously, the paper will undergo reformatting, if the specific journal to which it will be submitted is identified.

**Pre-Submission Peer Review:** This service offers a comprehensive review which will almost eliminate the risk of rejection that will ensure that there are no critical issues before you submit, and that the paper is almost ready to publish.

**Journal Submission Support:** Sail through the submission process by identifying specific journals and their requirements by working with an expert who will help you with all you need to publish successfully.

**Each of the above services are available within a fee of 300 USD or less. Fee can be discussed based on the needs.**
